

Consulting Room + Facilities **at Evolve Psychology**

An opportunity exists for a Psychologist to join our current thriving team of independent room renters who all run their own businesses.

At Evolve we offer the opportunity for you to rent a consulting room to provide face-to-face therapy to your clients as well as onsite admin staff to support you and your clients.

Our room rental is ideal for Psychologists with an existing client base/referral network. We do cross-refer within the team however this will depend on our flow of referrals as we are all working independently.

We currently have Consulting room 5 available on Mondays and Fridays which will also include Tuesdays from the start of December 2024.

Consulting room 3 is currently available on Tuesdays (any hours) and Wednesdays (8am-3pm).

Please read further for more information and if interested please contact Practice Manager Laura Briggs to arrange a meeting on admin@evolve-psych.com.au or phone 0412 130 973.

You can also contact Jacqui Marquis-Conder, Director and Psychologist on jacqui@evolve-psych.com.au

Our clinic provides a modern, warm and calm environment providing comfort and privacy.

All consulting rooms are situated in a hallway with a door that closes. Inside the hallway is a staff kitchen and toilet.

This set-up provides clinicians with comfort and privacy through the day.

At Evolve Psychology we also have a trained Therapy Dog named Tilly. Tilly is at the clinic 2 days per week on a rotating roster. Tilly is on a lead at all times however it is important to consider this when renting a room with us to ensure you feel comfortable with a dog at work and ensure it is suitable for your clients to meet Tilly in the waiting area and hallway.
